

South Sarasota Modern Quilt Guild

**QuiltCon 2022 Community
Outreach Quilt Challenge**

Theme: Angles

Angles come in all shapes and sizes, with varying degrees. While some are more pointed you can also find others that almost seem to flatten out.

You'll find right angles in most quilts, so the **CHALLENGE** this year is to

feature angles that are NOT 90° in your quilt.

Acute or obtuse, let the angles be the focus of the quilt, instead of simply the place where blocks meet.
